

Autumn's House of German Shepherds

New Puppy Exam Certificate

Congratulations on the adoption of your new puppy! We thank you for trusting Autumn's House of German Shepherds..

PLEASE NOTE: Your puppy is required to get a veterinary examination within 72 hours of when you receive your puppy. This certificate confirms that your puppy has received this exam, and needs to be emailed to contact@autumns-house.com within 48 hours of the exam in order to activate your 2-Year Health Guarantee. Failure to complete or to return this form to Autumn's House of German Shepherds in the specified period will render the 2-year health guarantee, null and void.

During the visit to the veterinarian

- Present a copy of all the puppy's medical records (provided by the Breeder in your puppy pack) to the veterinarian prior to or at the time of your appointment.
- Your puppy has received the first set and/or possibly the second set of vaccines while under the care of the Breeder. Over-vaccinating the puppy may cause significant harm.
- Have your veterinarian complete and sign this New Puppy Exam Certificate.

Within 48 hours after the puppy's required veterinarian exam, email a copy of the completed and signed form to contact@autumns-house.com. It is the new owner's responsibility to return the completed form within the prescribed time.

New Puppy Exam Certificate

Owner's Name _____ Owner's E-mail _____
